### Correlation

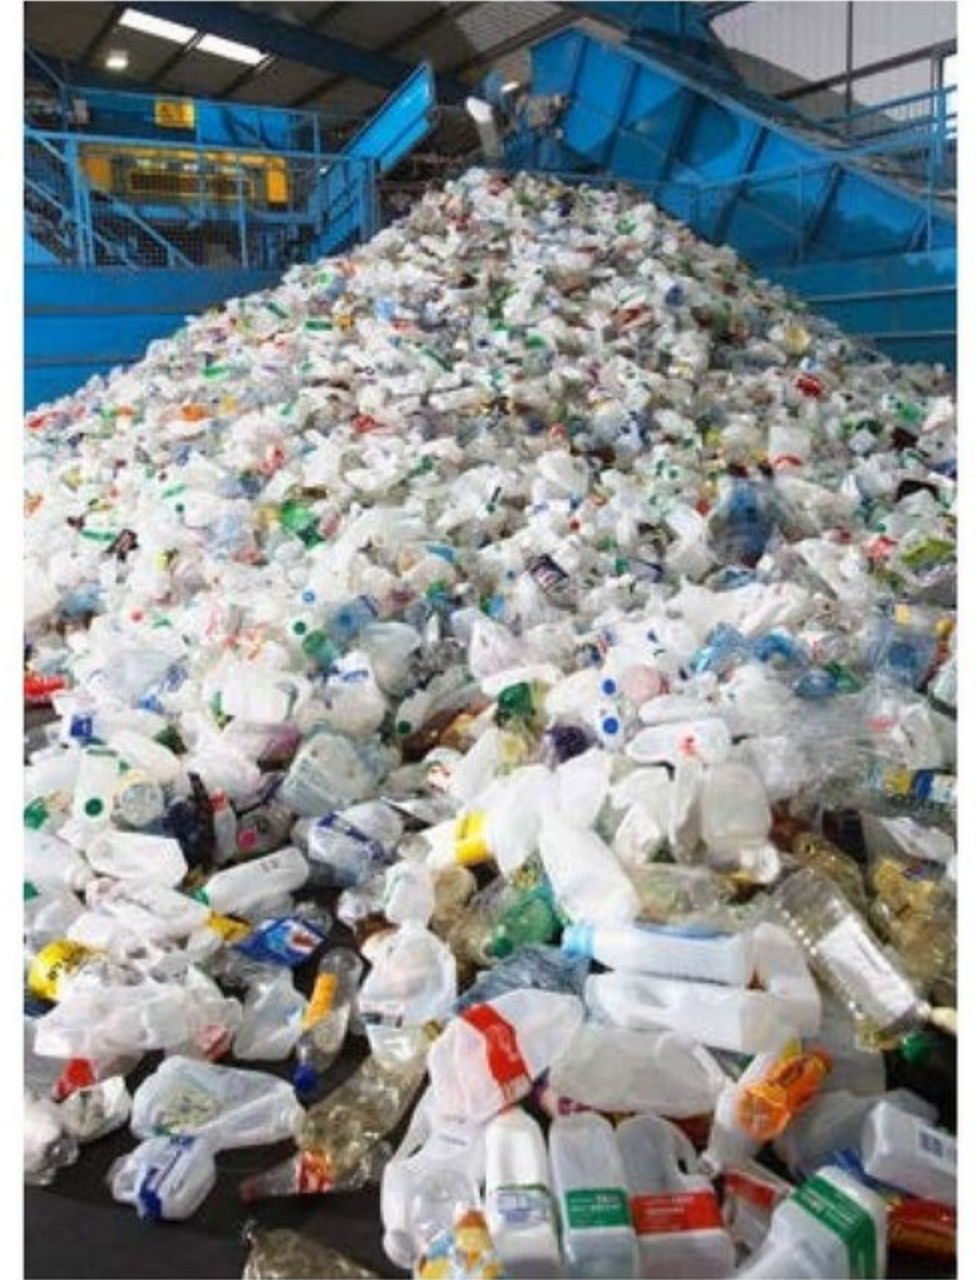

LEVEL D	
Fountas & Pinnell	D
Reading Recovery	5–6
DRA	6

Sometimes the things you recycle  
become the same things.

Sometimes the things you  
recycle become new things.  
Like what?

Newspaper can become kitty litter.

Paper can become toilet paper.

Steel can become bicycle parts.

Plastic bottles can become jackets.

Plastic jugs can become tables.

Glass can become kitchen counters.

Cardboard can become paper bags.

All because you recycle.

## Connections

### Writing and Art

Make a poster that shows why recycling is important. Include pictures and at least one sentence.

### Science

Collect recyclable items, such as soda cans and cereal boxes. Use these items to create something new. Share with the class.
