Piñatas Are Fun!

Written by Katie Delbridge

www.readinga-z.com

Piñatas are made of paper
and glue.
They come in all shapes
and sizes.

Some piñatas look like animals.

Some piñatas look like shapes.

All piñatas have treats inside.

Many people like to have
piñatas at parties.

People at parties take turns swinging a stick at the piñata. They try to break it open.

It is not easy to hit a piñata.
Some players cover their eyes
before they swing.

Some players are spun around before they swing.

Some piñatas are moved
around while people swing.

Everyone is happy when
the piñata breaks open.
Candy and prizes fall out.
