All About Spiders

Written by Rus Buyok

www.readinga-z.com

There are many kinds of spiders.

A spider has eight legs.
It eats bugs.

A spider has eight legs.
It can climb.

A spider has eight legs.
It can make silk.

A spider has eight legs.
It has many eyes.

A spider has eight legs.
It lays eggs.

A spider has eight legs.
It can live outside.

It can live inside, too!
