Many vegetables grow in the garden.
Compare the numbers to find which
one is greater.

There are two beets.

There are five carrots.

Five is greater than two.

There are three yams.

There are four onions.

Four is greater than three.

There are six beans.

There is one pepper.

Six is greater than one.
Which group of vegetables has
more than any other?
Which number is the greatest?

Connections

Writing and Art

Draw two plates of vegetables with a different number of vegetables on each plate. Write a sentence about which plate has a greater number of vegetables.

Math

Write two numbers. Have a partner draw the greater-than symbol to compare the numbers. Check your partner's work.
