Animal Tongues

Written by Terri Patterson

www.readinga-z.com

Animals have many kinds of tongues. They use their tongues to get and eat food.

This anteater has a long,
thin tongue.

This lizard has a tongue
with two parts.

This giraffe has a dark,
strong tongue.

This turtle has a tongue like a worm.

This frog has a long,
sticky tongue.

This cat has a tongue
like a brush.

What is your tongue like?
