Country Animals

Written by Katalina Page

www.readinga-z.com

Some people live in the country.
Many kinds of animals live in
the country, too.

Deer live in the country.
They eat twigs from trees.

Robins live in the country.
They make nests in trees.

Squirrels live in the country.
They eat nuts from trees.

Geese and ducks
live in the country.
They swim in lakes.

Raccoons live in the country.
They wash their food in rivers.

Foxes live in the country.
They run and play in fields.

Cows live in the country.
They eat grass from fields.

Mice live in the country.
They eat grains from fields.

Do you see animals
where you live?
What kinds of animals
do you see?
